

FUEL UP! 2025

Cargill Power Canola™

Partner with Cargill to fuel your canola crop and earn account credit by purchasing eligible canola inputs

Canola is a staple crop in your operation and a key contributor to your bottom line. With Cargill Power Canola, you have access to new markets, unlocking additional value potential while offering full flexibility around your production and marketing decisions. As you look for ways to help maximize your return, market access is only half of the equation - fueling your crop to optimize yield potential is the other half.

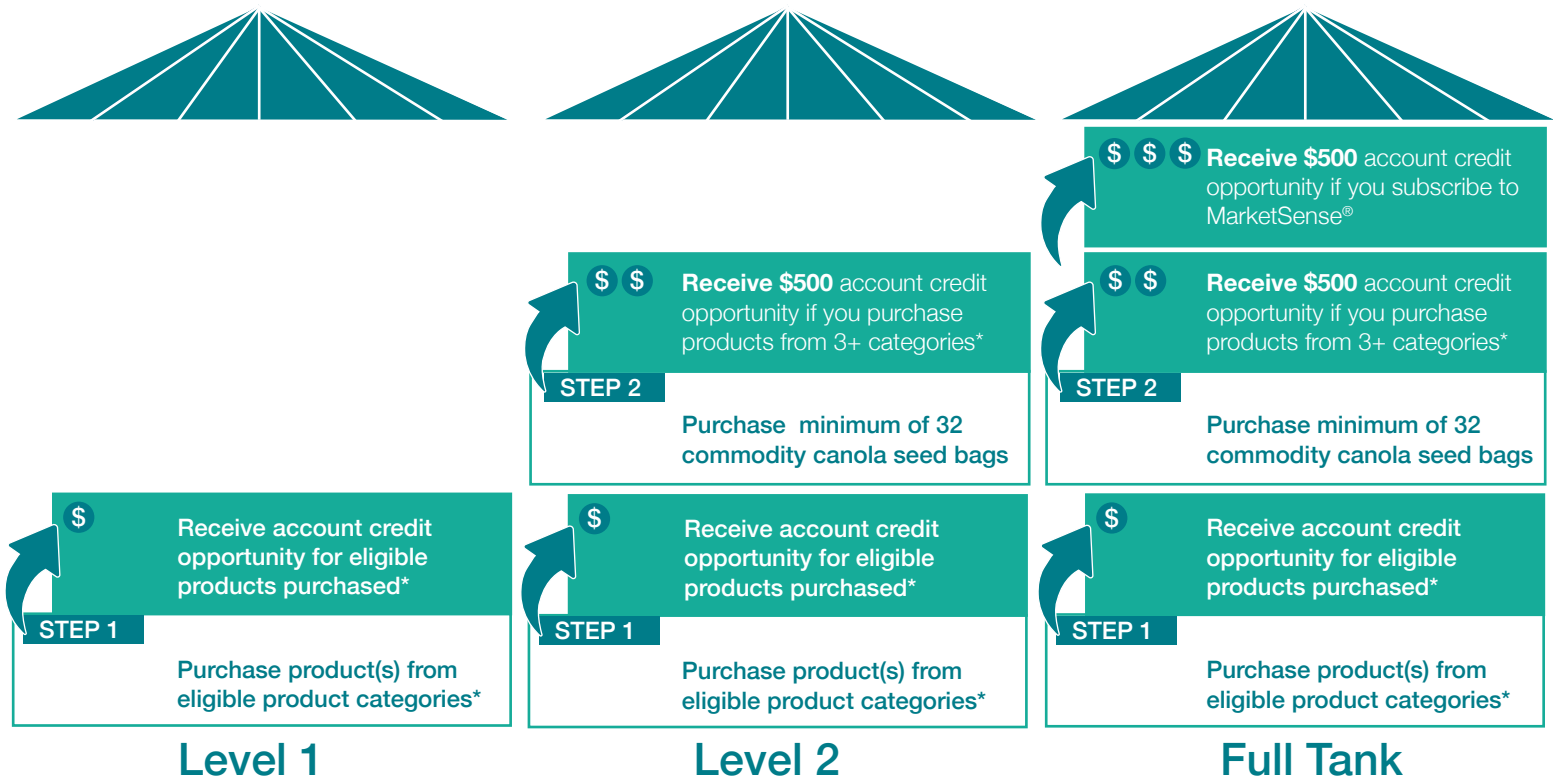

Purchase eligible canola inputs from Cargill between August 1, 2024 and July 31, 2025 to unlock the opportunity to earn account credit while optimizing production potential.

From seeding through selling, Cargill is your canola partner to help maximize your returns.

How it works

- Enroll canola fields in Cargill Power Canola on CargillAg.ca for crop year 2025 before July 31, 2025.
- Purchase eligible canola seed, crop protection and fertilizer products from Cargill between August 1, 2024 and July 31, 2025. See eligible products list on page 2.
- Establish a Cargill canola merchandising contract for crop year 2025 production before April 30, 2026. Canola must be delivered to Cargill before August 31, 2026.

What you can earn:

*See page 2 for listing of eligible product categories, eligible products, and their account credit opportunity.

Eligible Products

Product category	Product	Account credit opportunity
Nitrogen Stabilizer	Anvol™	\$1.00 / L
Procote Fertilizer	YaraVita® Procote B YaraVita® Procote Cu YaraVita® Procote Mn YaraVita® Procote Zn YaraVita® Procote BCMZ YaraVita® Procote BMZ	\$1.00 / L
Foliar Fertilizer	YaraVita® FLEX™ YaraVita® LAST N™ YaraVita® HYDROPHOS™ YaraVita® BORTRAC™ YaraVita® MULTICOP™ YaraVita® THIOTRAC™ 300	\$0.50 / L

More eligible product categories for FUEL UP! 2025 will be released December 1, 2024 for spring purchasing.

Value of credit

- Credit received will be based on the number of qualifying acres in each product category
- Qualifying acres for each separate category are the number of matching litres of eligible product purchased and tonnage (MT) of canola contracted with Cargill between September 1, 2025 and April 30, 2026. Canola under these contracts must be delivered before August 31, 2026.
 - Procote Fertilizer requirements: 1 litre to 1 MT
 - Anvol Nitrogen Stabilizer requirements: 1 litre to 1 MT
 - Foliar Fertilizers requirements: 1 litre to 1 MT

Timing of credit

Starting September 1, 2025, you will receive account credit one week after the merchandising contract is established with Cargill up to a maximum of the number of liters of eligible products purchased, using the 1:1 ratio.

Reach out to your local Cargill rep for more information.
